3.6.4 Evaluation Tool

3.6.4.1 Test Cases

Development and Evaluation of CBDA: A Web-Based Electronic Document Management System for the Pamantasan ng Lungsod ng Valenzuela CEIT Library with LLM and RAG Integration							
Administrator							
Test Case ID	**Case Name**	**Case Description**	**Expected Result**	**Test Data**	**Actual Result**	**Passed (P)/Failed (F)**	**Remarks**
TC_AD_Administrator_Login_001	Successful Administrator Login	Test a successful login for an Administrator with valid credentials.	The system authenticates the administrator and redirects them to the Home Page.	Navigate to Login Page; Enter Email: cbda@admin.com; Enter Password: cbda@admin.com; Click the Sign in button			
TC_AD_Analytics_View_002	View and Export Dashboard Analytics	Test that the Dashboard displays and can export dashboard summary.	The dashboard displays charts and data on system usage and can export a dashboard summary CSV file.	Navigate to the Dashboard Page; Select User Accounts Tab; Select Time Period: Last Week; Click the Download button			
TC_AD_System_Logs_View_and_Filter_003	View and Filter System Logs by Criteria	Test the view and filter of System Logs to display only a specific	The system logs displays chronological log of system activities as	Navigate to the System Logs Page; Select Filters: Log Type:			

		criteria.	well as filter selected criteria	All; Select User Role: Researcher; Select Severity: Info			
TC_AD_Account_List_View_Sort_and_Filter_004	View, Sort, and Filter User Accounts	Test the visibility as well as sort and filter Account Management list and user account details.	The accounts in the account management list are displayed, reordered, and filtered based on the selected criteria	Navigate to the View All Accounts tab; Select Filters: Role: Researcher; Select Department: BSIT; Select Status: Enabled; Select Online Status: Offline; Select Sort By: Email; Select Order: Descending			
TC_AD_Account_View_and_Edit_005	View and Edit an Existing User Account	Test the view and edit details functionality for an existing user account in the Account Management list.	The user's information is updated in the system.	Navigate to the Accounts Page; View All Accounts tab; Locate a user account from the list; Click View button; Click the Edit Account button; Enter First Name: Jane; Enter Middle Initial: R.; Enter Surname: Doe; Select Account Status: Enabled; Select Role:			

				Researcher; Select Designation: Teacher; Select Department: BSCE; Click the Save Changes button.			
TC_AD_Account_Reset_Password_006	Reset User Password	Test to reset a user's password.	The password is reset and the new password has been applied.	Navigate to the Accounts Page; View All Accounts tab; Locate a user account from the list; Click the Reset Password button; Enter New Password: password123; Enter Confirm New Password: password123; Click the Save Password button			
TC_AD_Account_Delete_007	Delete a User Account	Test the delete of a user account from the system.	The account is permanently removed from the system.	Navigate to the Accounts Page; View All Accounts tab; Locate a user account from the list; Click the Delete button; Enter Administrator Password for confirmation;			

				Click the Delete button.			
TC_AD_Account_Disable_or_Enable_008	Disable or Enable a User Account	Test disable and enable an active user account in the Account Management list via a toggle.	The account status changes to disabled / enabled and the user is prevented from or allowed to log in.	Navigate to the Accounts Page; View All Accounts tab; Locate a user account from the list; Click the Enable / Disable toggle.			
TC_AD_Account_Online_Users_and_View_Activity_009	View Online Users and User Activity	Test currently online users and their activity in the Online Users tab.	A list of online users is displayed, and selecting a user shows their recent activity.	Navigate to the Accounts Page; View Online Users tab; Locate a user from the list; Click View More Activity.			
TC_AD_Account_Warning_Message_010	Send Warning Message to Researcher	Test to send a warning message to a Researcher in the Online Users tab.	The system confirms the message was sent successfully, and the researcher receives a notification warning.	Navigate to the Accounts Page; View Online Users tab; Locate a researcher from the list; Click the Send Warning button; Enter Warning Message: Misuse of system resources.; Click the Send Warning button.			
TC_AD_	Create	Test the	The new user	Navigate to			

Account_Create_011	New User Account	creation of a new user account in the create accounts tab.	account is created and appears in the account management list.	the Create Accounts tab; Click the Add Account button; Enter Email: johndoe@plv.edu.ph; Enter Password: johndoe@plv.edu.ph; Enter First Name: John; Enter Middle Initial: F.; Enter Surname: Doe; Select Role: Researcher; Enter Designation: Student; Select Department: BSIT; Enter Student Number: 22-2022; Click the Submit button.			
TC_AD_Account_Batch_Create_012	Batch Create Accounts via CSV	Test the batch creation of multiple user accounts by uploading a valid CSV file in the create accounts tab and clicking submit account.	All accounts specified in the CSV file are successfully created and added to the account management list.	Navigate to the Accounts Page; Create Accounts tab; (Prerequisite) Download the example CSV to prepare the test file batch_accounts_template.csv; Click the Import from			

				CSV button; Select the prepared batch_accounts_template.csv file to upload; Verify and Click the Submit button.			
TC_AD_Manuscript_List_View_Sort_and_Filter_013	View, Sort, and Filter Manuscripts	Test the visibility as well as sort and filter the Manuscripts List.	The manuscripts in the list are visible, reordered, and filtered based on the selected criteria.	Navigate to the Manuscripts Page; View Manuscript List tab; Select Filter: Type: Capstone; Select Department: Information Technology; Select Year: 2024; Select Status: Published; Select Sort By: Title			
TC_AD_Manuscript_Rejection_Reason_014	View Manuscript Rejected Status Reason	Test the rejection reason that appears when clicking Rejected Status from a manuscript in Manuscripts List.	The rejection reason appears when clicking a Rejected Status icon in Manuscripts List.	Navigate to the Manuscripts Page; View Manuscript List tab; Locate a manuscript with a Rejected status; Click the Warning / Rejected icon next to the status.			

TC_AD_Manuscript_Edit_015	Edit an Existing Manuscript	Test editing details of an existing manuscript in Manuscripts List.	The manuscript information is updated in the system.	Navigate to the Manuscripts Page; View Manuscript List tab; Select a manuscript from the list; Click the Edit icon; Enter Title: Sample; Select Department: BSIT; Select Type: Capstone; Enter Date Published: 2025; Enter Authors: Author 1; Enter Keywords: Keyword 1; Enter Introduction: Sample; Enter Methods: Sample; Enter Results: Sample; Enter Discussion: Sample; Click the Save Changes button.			
TC_AD_Manuscript_File_View_016	View a Manuscript	Test the visibility of the PDF manuscript in Manuscripts	The manuscript file is successfully viewed.	Navigate to the Manuscripts Page; View Manuscript			

		List.		List tab; Locate a manuscript from the list; Click the View Manuscript icon.			
TC_AD_Manuscript_Download_017	Download Manuscript	Test the download of a manuscript in Manuscripts List.	The manuscript file is successfully downloaded to the user's device.	Navigate to the Manuscripts Page; View Manuscript List tab; Locate a manuscript from the list; Click the Download button.			
TC_AD_Manuscript_Publish_or_Unpublish_018	Publish or Unpublish an existing Manuscript	Test to publish or unpublish manuscript through the eye icon in the Manuscript List.	The manuscript's status changes to publish / unpublish and it becomes visible or invisible to researchers respectively.	Navigate to the Manuscripts Page; View Manuscript List tab; Locate a manuscript from the list; Click the Publish / Unpublish button			
TC_AD_Manuscript_Delete_019	Delete a Manuscript	Test deletion of an existing manuscript from the Manuscripts List.	The manuscript is permanently removed from the system.	Navigate to the Manuscripts Page; View Manuscript List tab; Locate a manuscript from the list; Click the Delete button; Enter			

				Administrator Password for confirmation; Click the Delete button			
TC_AD_Manuscript_Create_No_PDF_020	Create new Manuscript with no PDF	Test the creation of a new manuscript with no manuscript file by the Administrator in the Add Manuscript tab.	The manuscript has been written content.	Navigate to the Manuscripts Page; Add Manuscript tab; Click the Add Manuscript button; Select the Allow upload without PDF toggle; Enter Title: Sample; Select Department: BSIT; Select Type: Capstone; Enter Date Published: 2025; Enter Authors: Author 1; Enter Keywords: Keyword 1; Select Abstract Only; Enter Abstract: Sample; Click the Submit button			
TC_AD_Manuscript_Create_with_P	Upload Valid Manuscript (PDF)	Test the creation of a new manuscript	The manuscript has been written	Navigate to the Manuscripts Page; Add			

DF_021	from the new Manuscript	including a pdf upload by the Administrator in the Add Manuscript tab.	content and uploaded along with a manuscript file.	Manuscript tab; Click the Add Manuscript button; Enter Title: Sample; Select Department: BSIT; Select Type: Capstone; Enter Date Published: 2025; Enter Authors: Author 1; Enter Keywords: Keyword 1; Enter Introduction: Sample; Enter Methods: Sample; Enter Results: Sample; Enter Discussion: Sample; Click Select PDF File and upload manuscript.pdf; Click the Submit Manuscript button.			
TC_AD_Manuscript_Batch_Create_022	Batch Create Manuscript via CSV	Test the batch creation of multiple manuscripts by uploading a valid CSV	All manuscripts specified in the CSV file are successfully	Navigate to the Manuscripts Page; Create Add Manuscript			

		file.	created and added to the Manuscripts list	tab; (Prerequisite) Download the example CSV to prepare the test file batch_articles_template.csv; Click the Import from CSV button; Select the prepared batch_accounts_template.csv file to upload; Click Select PDF File and upload manuscript.pdf for every added manuscript; Verify and Click the Submit Manuscript button.			
TC_AD_Manuscript_Submission_Preview_023	Preview Manuscript Submission from Chairperson	Test the preview of a chairperson's uploaded manuscript in the Submissions tab	The manuscript is successfully previewed.	Navigate to the Manuscripts Page; Submissions tab; Locate a pending manuscript from the list; Click the View Manuscript button			
TC_AD_Manuscri	Download	Test the download of a	The manuscript	Navigate to the			

pt_Submission_Download_024	Manuscript Submission from Chairperson	chairperson's uploaded manuscript in the Submissions tab.	file is successfully downloaded to the user's device.	Manuscripts Page; Submissions tab; Locate a pending manuscript (that has a PDF) from the list; Click the Download button.			
TC_AD_Manuscript_Submission_Approve_or_Reject_025	Approve or Reject a Manuscript Submission from Chairperson	Test the approval or rejection of a chairperson's request for an uploaded manuscript in the Submissions tab.	The request status changes to Approved / Rejected and the uploaded manuscript can either be published or unpublished from the Manuscripts list.	Navigate to the Manuscripts Page; Submissions tab; Locate a pending manuscript from the list; Click the Approve or Reject button; (If rejecting) Enter a reason for rejection; Click Confirm			
TC_AD_Requests_Notification_026	Receive notification of requested manuscript from Researcher	Test if the administrator receives notification of the requested manuscript from the Requests page.	A new notification will appear in Requests page.	(Prerequisite) Have a Researcher user submit a new manuscript access request; Navigate to the Requests Page; Observe the list for the new pending request			

TC_AD_Requests_Manuscript_Access_Approve_or_Reject_027	Approve or Reject Manuscript Access Request	Test the approval or rejection of a researcher's request for a viewable PDF manuscript in the Requests page.	The request status changes to Approved / Rejected and the researcher either receives an approval or rejection notification in the Requests Page.	Navigate to the Requests Page; Locate a pending request from the list; Click the Approve or Reject button.			
TC_AD_Administrator_Researcher_Mode_028	Access Administrator and Researcher modes	Test that the Administrator can access Researcher functions (like viewing articles) without restrictions.	The administrator can navigate to the Articles (Researcher) page and view a manuscript file directly without needing to send an access request.	Navigate to the Articles Page; Click on any article; Click the View Manuscript button			
TC_AD_Notification_Read_or_Unread_029	Mark Notifications as Read or Unread	Test marking a notification as read or unread from the Notifications Page	The notification's status changes to Read / Unread and its appearance is updated respectively.	(Scenario A: Single Notification) Navigate to the Notifications Page; Select an unread notification; Select the kebab menu (three dots) on the notification; Click Mark as Read; (Scenario B: Batch Notifications) Navigate to the Notifications Page; Select			

				the checkbox for multiple notifications; Click the main Mark as Read button.			
TC_AD_Notification_Delete_030	Delete Notifications	Test deleting one or more notifications from the Notifications page.	The selected notifications are permanently removed.	(Scenario A: Single Delete) Navigate to the Notifications Page; Select a notification; Select the kebab menu (three dots) on the notification; Click Delete; (Scenario B: Batch Delete) Navigate to the Notifications Page; Select the checkbox for multiple notifications; Click the main Delete button.			
TC_AD_Account_Information_and_Change_Password_031	View Account Information and Change Password	Test viewing personal information and changing the account password.	The administrator can view their account information and successfully change their password.	Click the Account Name (bottom-left); Navigate to the Account Page; Click the Change Password button; Enter Old Password: cbda@admin.com; Enter			

				New Password: cbda@admin 2.com; Enter Confirm New Password: cbda@admin 2.com; Click the Save Password button.			
TC_AD_ Generate _Recover y_Key_0 32	Generate a New Recovery Key	Test generating a new recovery key by entering account password in the Accounts page.	A new recovery key is generated and displayed to the user.	Click the Account Name (bottom-left); Navigate to the Account Page; Click the Generate a new one link for recovery keys; Enter Password: [Current_Ad min_Passwor d] for confirmation; Click the Generate button; Click the Acknowledge button; Click Download and Confirm button			
TC_AD_ Use_Rec overy_Ke y_033	Use Recovery Key	Test using a recovery key to restore access to the account in the Login Page.	Using the recovery key has restored access to the account.	(If logged out) Navigate to the Login Page; Click Forgot Password? link; Enter Email: cbda@admin.			

				com; Click Search; (If existing account) Enter Recovery Key: [Pasted_Recovery_Key]; Click Confirm button			
TC_AD_About_034	View System About	Test navigating to and viewing the About page of the system.	The About page loads, displaying information about the system and its features.	Click the Account Name (bottom-left); Click the About button			
TC_AD_Dark_Mode_035	Dark Mode	Test switching between light and dark UI modes.	The UI theme changes between light and dark mode respectively.	Click the Account Name (bottom-left); Click the Light / Dark Mode toggle			
TC_AD_System_Tutorial_036	Resource Guide	Test viewing tutorials for a specific feature by clicking the guide icon.	The system shows tutorials for a specific feature as reference to administrators.	Scenario A: Feature Page) Navigate to the Accounts Page; Click the floating Guide icon (i) on the lower-right; (Scenario B: Home Page) Navigate to the Home Page; Click the floating Need Help? icon (?).			
Chairperson							

TC_CH_Chairperson_Login_037	Successful Chairperson Login	Test a successful login for a Chairperson.	The system redirects the user to their Chairperson Home Page	Email: cbda@chair.com, Password: cbda@chairperson.com			
TC_CH_Manuscript_List_View_Sort_and_Filter_038	View, Sort, and Filter Department Manuscripts	Test the visibility as well as sort and filter the Manuscripts List from the relevant department.	The manuscripts in the list are visible, reordered, and filtered based on the selected criteria.	Navigate to the Manuscripts Page; View Manuscript List tab; Select Filter: Type: Capstone; Select Department: (Automatically set to your department); Select Year: 2024; Select Status: Published; Select Sort By: Title			
TC_CH_Manuscript_Rejection_Reason_039	View Manuscript Rejected Status Reason	Test the rejection reason that appears when clicking Rejected Status from a manuscript in Manuscripts List.	The rejection reason appears when clicking a Rejected Status in Manuscripts List.	Navigate to the Manuscripts Page; View Manuscript List tab; Locate a manuscript with a Rejected status; Click the Warning / Rejected icon next to the status.			
TC_CH_Manuscript_Edit_040	Edit an Existing Department	Test editing details of an existing manuscript in	The manuscript information is updated in the	Navigate to the Manuscripts Page; View			

	Manuscript	Manuscripts list.	system.	Manuscript List tab; Select a manuscript from the list; Click the Edit icon; Enter Title: Sample; Select Department: (Automatically set to your department); Select Type: Capstone; Enter Date Published: 2025; Enter Authors: Author 1; Enter Keywords: Keyword 1; Enter Introduction: Sample; Enter Methods: Sample; Enter Results: Sample; Enter Discussion: Sample; Click the Save Changes button.			
TC_CH_Manuscript_File_View_041	View a Department Manuscript	Test the visibility of the PDF manuscript in Manuscripts List.	The department manuscript is successfully viewed by the chairperson.	Navigate to the Manuscripts Page; View Manuscript List tab; Locate a			

				manuscript from the list; Click the View Manuscript icon			
TC_CH_Manuscript_Download_042	Download a Department Manuscript	Test the download of a manuscript in Manuscripts List.	The manuscript file is successfully downloaded to the user's device.	Navigate to the Manuscripts Page; View Manuscript List tab; Locate a manuscript from the list; Click the Download button.			
TC_CH_Manuscript_Publish_or_Unpublish_043	Publish or Unpublish an existing Manuscript	Test to publish or unpublish manuscript through the eye icon in the Manuscript List.	The manuscript's status changes to publish / unpublish and it becomes visible or invisible to researchers respectively.	Navigate to the Manuscripts Page; View Manuscript List tab; Locate a manuscript from the list; Click the Publish / Unpublish button			
TC_CH_Manuscript_Delete_044	Delete a Department Manuscript	Test deletion of an existing manuscript from the Manuscripts List.	The manuscript is permanently removed from the system.	Navigate to the Manuscripts Page; View Manuscript List tab; Locate a manuscript from the list; Click the Delete button; Enter Administrator Password			

				for confirmation; Click the Delete button			
TC_CH_Manuscript_Create_No_PDF_045	Create new Manuscript with no PDF	Test the creation of a new manuscript with no manuscript file by the Chairperson in the Add Manuscript tab.	The manuscript has been written content.	Navigate to the Manuscripts Page; Add Manuscript tab; Click the Add Manuscript button; Select the Allow upload without PDF toggle; Enter Title: Sample; Select Department: (Automatically set to your department); Select Type: Capstone; Enter Date Published: 2025; Enter Authors: Author 1; Enter Keywords: Keyword 1; Select Abstract Only; Enter Abstract: Sample; Click the Submit button			
TC_CH_Manuscript_Create_with_P	Upload Valid Manuscript (PDF)	Test the creation of a new manuscript by	The manuscript has been written	Navigate to the Manuscripts Page; Add			

DF_046	from the new Manuscript	the Chairperson in the Add Manuscript tab.	content and uploaded along with a manuscript file.	Manuscript tab; Click the Add Manuscript button; Enter Title: Sample; Select Department: (Automatically set to your department); Select Type: Capstone; Enter Date Published: 2025; Enter Authors: Author 1; Enter Keywords: Keyword 1; Enter Introduction: Sample; Enter Methods: Sample; Enter Results: Sample; Enter Discussion: Sample; Click Select PDF File and upload manuscript.pdf; Click the Submit Manuscript button			
TC_CH_Manuscript_Batch_Create_047	Batch Create Manuscript via CSV	Test the batch creation of multiple manuscripts by uploading	All manuscripts specified in the CSV file are	Navigate to the Manuscripts Page; Create Add			

		a valid CSV file.	successfully created and added to the Manuscripts list.	Manuscript tab; (Prerequisite) Download the example CSV to prepare the test file batch_articles_template.csv; Click the Import from CSV button; Select the prepared batch_accounts_template.csv file to upload; Click Select PDF File and upload manuscript.pdf for every added manuscript; Verify and Click the Submit Manuscript button			
TC_CH_Chairperson_Researcher_Mode_048	Access Chairperson and Researcher modes	Test that the Chairperson also has Researcher access.	Test that the Chairperson can access Researcher functions.	Navigate to the Articles Page; Click on any article; Click the View Manuscript button to request access for the manuscript file			
TC_CH_Receive_Notificati	Receive Notifications	Test notifications from the	A new notification will appear in	(Prerequisite) Have a Researcher			

on_049		Notifications page if a user receives a team invite.	Notifications page.	user create a team and send an invite to the Chairperson; Navigate to the Notifications Page; Observe the list for the new team invite notification			
TC_CH_Notification_Read_or_Unread_050	Mark Notifications as Read or Unread	Test marking a notification as read or unread from the Notifications Page.	The notification's status changes to Read / Unread and its appearance is updated respectively.	(Scenario A: Single Notification) Navigate to the Notifications Page; Select an unread notification; Select the kebab menu (three dots) on the notification; Click Mark as Read; (Scenario B: Batch Notifications) Navigate to the Notifications Page; Select the checkbox for multiple notifications; Click the main Mark as Read button.			
TC_CH_Notification_Delet	Delete Notifications	Test deleting one or more notifications	The selected notifications are	(Scenario A: Single Delete)			

e_051		from the Notifications page.	permanently removed.	Navigate to the Notifications Page; Select a notification; Select the kebab menu (three dots) on the notification; Click Delete; (Scenario B: Batch Delete) Navigate to the Notifications Page; Select the checkbox for multiple notifications; Click the main Delete button.			
TC_CH_Account_Information_and_Change_Password_052	View Account Information and Change Password	Test viewing of personal information in the Accounts page and changing of old password change into new one.	The chairperson can view their account information and change their old password.	Click the Account Name (bottom-left); Navigate to the Account Page; Click the Change Password button; Enter Old Password: cbda@chair.com; Enter New Password: cbda@chair2.com; Enter Confirm New Password: cbda@chair2.com; Click the Save Password			

				button			
TC_CH_Generate_Recovery_Key_053	Generate a New Recovery Key	Test generating a new recovery key by entering account password in the Accounts page.	A new recovery key is generated and displayed to the user.	Click the Account Name (bottom-left); Navigate to the Account Page; Click the Generate a new one link for recovery keys; Enter Password: [Current_Chairperson_Password] for confirmation; Click the Generate button; Click the Acknowledge button; Click Download and Confirm button			
TC_CH_Use_Recovery_Key_054	Use Recovery Key	Test using a recovery key to restore access to the account in the Login Page.	Using the recovery key has restored access to the account.	(If logged out) Navigate to the Login Page; Click Forgot Password? link; Enter Email: cbda@chair.com; Click Search; (If existing account) Enter Recovery Key: [Pasted_Reco			

				very_Key]; Click Confirm button.			
TC_CH_About_055	View System About	Test navigating to and viewing the About page of the system.	The About page loads, displaying information about the system and its features.	Click the Account Name (bottom-left); Click the About button			
TC_CH_Dark_Mode_056	Dark Mode	Test switching between light and dark UI modes.	The UI theme changes between light and dark mode respectively.	Click the Account Name (bottom-left); Click the Light / Dark Mode toggle			
TC_CH_System_Tutorial_057	Resource Guide	Test viewing tutorials for a specific feature by clicking the guide icon.	The system shows tutorials for a specific feature as reference to chairpersons.	(Scenario A: Feature Page) Navigate to the Accounts Page; Click the floating Guide icon (i) on the lower-right; (Scenario B: Home Page) Navigate to the Home Page; Click the floating Need Help? icon (?)			
Library Staff							
TC_ST_Library_Staff_Login_058	Successful Library Staff Login	Test a successful login for a Library Staff with valid credentials.	The system authenticates the library staff and redirects them to the Accounts	View Login Page; Enter Email: cbda@staff.com; Enter Password: cbda@staff.c			

			Page.	om; Click the Sign in button			
TC_ST_Account_Online_Researchers_and_View_Activity_059	View Online Researchers and Researcher Activity	Test currently online researchers and their activity in the Online Users tab.	Online researchers are displayed and can be managed in the tab.	Navigate to the Accounts Page; Locate a user from the list; Click View More Activity			
TC_ST_Account_Warning_Message_060	Send Warning Message to Researcher	Test to send a warning message to a Researcher in the Online Users tab.	The system confirms the message was sent successfully, and the researcher receives a notification warning.	Navigate to the Accounts Page; View Online Users tab; Locate a researcher from the list; Click the Send Warning button; Enter Warning Message: Misuse of system resources.; Click the Send button			
TC_ST_Requests_Notification_061	Receive notification of requested manuscript from Researcher	Test if the library staff receives notification of the requested manuscript from the Requests page.	A new notification will appear in Requests page.	(Prerequisite) Have a Researcher user submit a new manuscript access request; Navigate to the Requests Page; Observe the list for the new pending request			
TC_ST_	Approve	Test the	The request	Navigate to			

Requests_Manuscript_Access_Approve_or_Reject_062	or Reject Manuscript Access Request	approval or rejection of a researcher's request for a viewable PDF manuscript in the Requests page.	status changes to Approved / Rejected and the researcher either receives an approval or rejection notification in the Requests Page.	the Requests Page; Locate a pending request from the list; Click the Approve or Reject button			
TC_ST_Account_Information_and_Change_Password_063	View Account Information and Change Password	Test viewing personal information and changing the account password.	The library staff can view their account information and successfully change their password.	Click the Account Name (bottom-left); Navigate to the Account Page; Click the Change Password button; Enter Old Password: cbda@staff.com; Enter New Password: cbda@staff2.com; Enter Confirm New Password: cbda@staff2.com; Click the Save Password button			
TC_ST_Generate_Recovery_Key_064	Generate a New Recovery Key	Test generating a new recovery key by entering account password in the Accounts page.	A new recovery key is generated and displayed to the user.	Click the Account Name (bottom-left); Navigate to the Account Page; Click the Generate a new one link for recovery			

				keys; Enter Password: [Current_Library_Staff_Password] for confirmation; Click the Generate button; Click the Acknowledge button; Click Download and Confirm button			
TC_ST_Use_Recovery_Key_065	Use Recovery Key	Test using a recovery key to restore access to the account in the Login Page.	Using the recovery key has restored access to the account.	(If logged out) Navigate to the Login Page; Click Forgot Password? link; Enter Email: cbda@admin.com; Click Search; (If existing account) Enter Recovery Key: [Pasted_Recovery_Key]; Click Confirm button			
TC_ST_About_066	View System About	Test navigating to and viewing the About page of the system.	The About page loads, displaying information about the system and its features.	Click the Account Name (bottom-left); Click the About button			
TC_ST_Dark_Mo	Dark Mode	Test switching between light	The UI theme changes	Click the Account			

de_67		and dark mode.	between light and dark mode respectively.	Name (bottom-left); Click the Light / Dark Mode toggle			
TC_ST_System_Tutorial_068	Resource Guide	Test viewing tutorials for a specific feature by clicking the guide icon.	The system shows tutorials for a specific feature as reference to administrators.	(Scenario A: Feature Page) Navigate to the Accounts Page; Click the floating Guide icon (i) on the lower-right; (Scenario B: Home Page) Navigate to the Home Page; Click the floating Need Help? icon (?)			
Researcher							
TC_RE_Researcher_Login_069	Successful Researcher Login	Test a successful login for a Researcher with valid credentials.	The system authenticates the researcher and redirects them to the Home Page.	View Login; Enter Email: cbda@user.com; Enter Password: cbda@user.com; Click the Sign in button.			
TC_RE_Home_Article_Search_070	Search Articles in the Home Page	Test searching for articles in the Home Page.	The system displays a list of articles matching the search term.	Navigate to Home; Select the search bar, then Search Query: Model.			
TC_RE_Article_Browse_07	Browse available articles	Browse available articles.	The system displays a list of articles in	Navigate to the Articles Page.			

1			the Articles page.				
TC_RE_Article_Search_Filter_and_History_072	Search Filter for Articles	Test searching for articles using a specific keyword or filter.	The system displays a list of articles matching the search term or filtered based on the selected criteria.	Navigate to the Articles Page; Select Filter: Type: Capstone; Select Departments: Information Technology; Select Years: All Years.			
TC_RE_Article_View_073	View Article Content	Test viewing the content of an article in the Articles page.	The system displays the content of the selected article.	Navigate to the Articles Page; Select an Article.			
TC_RE_Bookmark_Add_or_Remove_074	Bookmark or Unbookmark an Article	Test addition and removal of an article to the user's bookmark list.	The article is either added or removed to the Bookmarks page.	Navigate to Articles; Select an Article; then Select: Bookmark or Unbookmark.			
TC_RE_Bookmark_Filter_Folder_and_Notes_075	Organize Bookmarks within Folders	Test the drag of existing bookmarked articles inside a folder as well as filter and short notes inside bookmarks.	The bookmarked article is organized within the specified folder and can be filtered with a selected criteria.	Navigate to Bookmarks; Select plus (+) icon; Input Folder Name "Sample Folder"; Select Folder Color "Red"; Select Create Folder; then Drag the Bookmarked Article to Sample Folder (Red).			
TC_RE_	Referenc	Test whether	The researcher	View an			

Article_Reference_076	e an Article	the researcher can reference an article and add initial tag/s.	successfully references an article and adds initial tag/s.	Article; then Select: Reference: Save to Personal; then Select Save Reference.			
TC_RE_Article_Reference_Note_77	Add Notes to Referenced Articles	Test addition of notes in selected referenced articles.	The referenced article has written notes.	Navigate to References; Select article title; Select Notes Dropdown on Side Panel; Add a Note "Sample Note"; then Select Post Note.			
TC_RE_Reference_Edit_Tags_078	Edit Saved Reference Tags	Test editing a selected saved article's reference tag/s in the references page.	The article's tags are edited and saved in the references page.	Navigate to References Page; Select the checkbox of a Saved Reference; then Select Edit; Add Tag "Sample Tag"; then Select Save.			
TC_RE_Reference_Export_Style_and_Format_079	Export Reference with Citation Style and File Format	Test exporting an article's reference in APA/MLA/Chicago Format/Copy to clipboard in either DOCX, TXT, CSV file type.	The article is formatted into the selected reference style and file type.	Navigate to References Page; Select the checkbox of a Saved Reference; Select Export; Select Citation Style "MLA (9th Edition)"; Select File Format "Text			

				File (.TXT)"; then Select Export as TXT.			
TC_RE_Reference_Delete_080	Delete a Saved Reference	Test deleting a saved reference from the reference list.	The reference is removed from the reference list.	Navigate to References Page;Select the checkbox of a Saved Article Reference, then Action: Delete.			
TC_RE_Article_Request_Manuscript_Access_081	Manuscript Access Request	Test whether the researcher can request manuscript access.	The researcher requests manuscript access.	Navigate to Articles Page; Select an article title; Select Request Manuscript; then Select Submit Request.			
TC_RE_Article_Request_Manuscript_Access_Cancel_082	Cancel a pending Manuscript Access Request	Test whether the researcher can cancel a pending manuscript access request.	The researcher successfully cancels a pending manuscript access request.	Navigate to Articles Page; Select an article title with pending Manuscript Access Request; Select Cancel Request; then Select Yes.			
TC_RE_Article_View_Manuscript_083	View Manuscript of an Article	Test viewing the full content of a manuscript.	The system displays the complete content of the selected article.	Navigate to Articles Page; Select an article title with approved Manuscript Access Request; Select View			

				Manuscript; then Select I Agree.			
TC_RE_Team_Create_084	Create Team	Test that the user can create a team.	The system redirects the user to the newly-created team.	Select New Team; Input Team Name "Test Team"; then Select Create Team.			
TC_RE_Team_Join_Accept_085	Accept a Team Invite	Test that the user can accept a team invitation.	The invitation is accepted and the user is added to the team.	Navigate to Notifications Page; Select Team Invitation; then Select Accept.			
TC_RE_Team_Invite_Reject_086	Reject an Invitation to the Team	Test that the user can reject a pending team invitation.	The invitation is rejected.	Navigate to Notifications Page; Select Team Invitation; then Select Reject.			
TC_RE_Team_Transfer_Leadership_087	Transfer Team Leadership to Team Member	Test that the team leader can transfer leadership to a team member.	Leadership is transferred and the previous leader loses team ownership.
